Two Ph.D. positions are available in the research program “Analysis and Geometry” led by Franc Forstnerič at the University of Ljubljana and Institute of Mathematics, Physics and Mechanics. Financing will begin on October 1, 2019 for the period of four years. Selected candidates will be expected to enrol in the Ph.D. program Mathematics at the Faculty of Mathematics and Physics, University of Ljubljana.

We are inviting candidates interested in one of the following areas: complex analysis and geometry, harmonic analysis, global analysis, PDE, and the theory of minimal surfaces.

For additional information, please contact one of the following members of the research group closest to your area of interest who will supervise these two positions:
